FOREIGN ACCOUNT TAX COMPLIANCE ACT ("FATCA") AND COMMON REPORTING STANDARD ("CRS") SELF-CERTIFICATION FORM

Instruction (Please read before completing the form)

FATCA

FATCA is being implemented through a combination of U.S. Treasury Regulations and government-to-government agreements (also known as Intergovernmental Agreements or "IGAs") which requires Financial Institutions outside the U.S. to provide information regarding their customers who are U.S. Persons to the U.S. Internal Revenue Service ("U.S. IRS").

AHAM Asset Management Berhad ("AHAM Capital") and its related companies and affiliates are subject to and required to, or have agreed to comply with FATCA ("FATCA Reporting Requirement"). In view of this, AHAM Capital is required to collect information about each of its customers under the FATCA Reporting Requirement. If you are a U.S. Person, we may need to give the Inland Revenue Board of Malaysia ("IRBM") your account information, which may then be shared with the U.S. IRS.

CRS

Under the Organisation for Economic Co-operation and Development ("OECD") CRS, governments agree to exchange information automatically with one another on tax residents maintaining financial accounts in each other's jurisdictions. Income Tax (Automatic Exchange of Financial Account Information) Rules 2016 ("CRS Rules") issued by the Ministry of Finance Malaysia on 19 December 2016 which came into operation on 1 January 2017 requires every Reporting Financial Institution to identify Reportable Account maintained by the Reporting Financial Institution by applying the due diligence procedures as specified in the OECD CRS.

AHAM Capital and its related companies and affiliates are required to comply with the CRS Rules ("CRS Reporting Requirement"). In view of this, AHAM Capital is required to collect information about your tax residence(s) under applicable tax regulations. If you are not a tax resident of Malaysia, we may need to give the IRBM your account information, which may then be shared with other tax authorities of the CRS Participating countries.

Each jurisdiction has its own rules for defining tax residence, and jurisdictions have provided information on how to determine if you are resident in a jurisdiction on the following website:

<http://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-residency/>

As a Financial Institution, we are not allowed to give tax advice. Please consult your tax adviser if you require assistance in determining your tax residence(s).

Please complete this form if you are a **sole proprietor or an individual**. For joint account, each individual is required to complete a copy of this form.

It is important for you to provide us with complete and accurate information in this form. If your circumstances change and any of the information provided in this form becomes incorrect please let us know immediately and provide an updated Self-Certification form.

A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account for purposes of the Common Reporting Standard, and such other person is treated as holding the account. For example, in the case of a parent / child relationship where the parent is acting as a legal guardian, the child is regarded as the Account Holder. With respect to a jointly held account, each joint holder is treated as an Account Holder.

"Financial Account" is an account maintained by a Financial Institution and includes: Depository Accounts; Custodial Account; Equity and debt interest in certain Investment entities; Cash value Insurance Contracts; and Annuity Contracts.

REPORTABLE ACCOUNT

"Reportable Account" means an account held by one or more Reportable Persons or by a Passive Non-Financial Entity with one or more controlling Persons that is a Reportable Person.

TIN (including "functional equivalent")

The term "TIN" means Taxpayer Identification Number or a functional equivalent in the absence of a TIN. A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual Entity for the purposes of administering the tax laws of such jurisdiction. Further details of acceptable TINs can be found at the OECD automatic exchange of information portal. Some jurisdictions do not issue a TIN. 11. Unit Trust Loan Financing Risk Disclosure Statement

11.1 Investing in a Unit Trust Fund with borrowed money is riskier than investing with your own savings.

11.2 You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risk, which would include the following:

- i. The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.
- ii. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.
- iii. If unit price falls beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan.
- iv. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high, and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

11.3 This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.
